

THE RATE OF TAXATION.

When Nevada was organized as a State the Constitution provided that the rate of taxation for the first three years should not exceed \$1 on the \$100, but after that time the Legislature might fix it as high as \$1 25. That was the rate for some time, and then it was reduced to 90 cents, at which figure it remained until 1879, when the Republicans husbanded the resources from the bullion tax and placed it at 55 cents for the fiscal years 1879-80, the lowest rate in the history of the State. For the past four years the old rate of 90 cents has been maintained, but the time has come when the State must be maintained upon a rate of 75 cents, and the taxpayers have the right to expect the incoming Republican Legislature to reduce the rate of State taxation from 90 to 75, and to so regulate and reform public affairs that the rate will never again be increased. The real and personal valuation of property in this State, as returned for taxable purposes, amounts to about \$29,000,000. The actual cash value of the property in Nevada is \$156,000,000, of which sum \$78,000,000 is owned by non-residents, and \$69,000,000 by our own people. If the property of the State was assessed at its actual cash value a State rate of taxation of 15 cents would not be required. Aside from the real and personal property, as returned, the State has a revenue from the bullion tax, and from various miscellaneous sources. The expenses of the State have been largely reduced in the past two years, and will be still less in the years to come. A rate of 75 cents should be the maximum and our cloth should be cut accordingly. This matter should receive early attention from the Legislature, so that the people may have an earnest of the desire of the Republican party to legislate in their interest.

Official returns at the Secretary of State's office show the Connecticut Republican candidates for Secretary of State, Treasurer and Controller have pluralities over the Democrats of about 125 each. Waller (Dem.) for Governor was the only one on the ticket who received a plurality. The Legislature will have the choosing of the entire State ticket. The Legislature is Republican.

Returns are now in from every county in West Virginia, sufficient to fix the Democratic majority approximately. It is not far from two thousand. The interior counties did not sustain the ratio of Republican gain made in the counties of the First and Fourth districts, although every county in the State shows a Republican gain.

The official returns from 47 out of 66 counties of Wisconsin, show for the national ticket a net Democratic gain of 13,319, as compared with the vote of 1880. At the same ratio the Democratic gain will reduce the majority given Garfield 29,700, to about 14,000 for Blaine.

The Chicago News has official returns on the vote for President in Illinois from all counties except Cook (which includes Chicago), with a close estimate on the vote in Cook. The result is as follows: Blaine, 337,475; Cleveland, 312,949; Butler, 11,406; St. John, 11,731; Blaine's plurality, 25,116.

Senator Fair will have considerable influence with Cleveland about Pacific Coast appointments.

Hook Mason, it is reported, wants the Democratic nomination for Governor two years hence.

It seems to be the general impression that California will return Sargent to the Senate.

Unofficial returns from every county in Oregon give Blaine a plurality of 2,100.

Counting Democratic Chickens.

WASHINGTON, November 10th.—The Democrats have begun to portion out the offices in anticipation of Cleveland's inauguration. It is universally conceded that Cleveland, if elected, will be in honor bound to recognize the Independents, and it is thought that they will be rewarded for their services by putting Carl Schurz, their leader, in the Cabinet. Notwithstanding his protestations during the campaign that he had not severed his relations with the Republican party, nobody doubts but that he would accept a position in Cleveland's Cabinet if offered him. The name of General Geo. B. McClellan is mentioned for a Cabinet office, and it is said that he prefers the Navy to the War Department for the reason that, in his judgment, the time has come when the Navy should be rebuilt, and that there will be a greater chance for a man to distinguish himself at the head of that department than at the head of the military affairs of the country. Ex-Senator McDonald, of Indiana, is named for Attorney-General, the opinion being that his appointment to this place would reconcile all the differences that exist in the Democratic party in Indiana, and make that State solid for the next ten years. Ex-Senator Thurman, Senator McPherson, of New Jersey, Representative Randall, of Philadelphia, Bayard, Lamar, of Mississippi, Garland, of Arkansas, and other Senators are talked of for Cabinet places under Cleveland. Meantime, the Republicans here are waiting for the official count of the votes of New York State, which they pretend to believe will settle all further discussion regarding Cleveland's Cabinet.

That Rebel Flag Story.

ATLANTA (Ga.), Nov. 11.—In answer to an inquiry from William D. English of San Francisco the following dispatch has been sent by Patrick Walsh:

The report that a rebel flag was run up on the State House, is a base and malicious falsehood. On the contrary, there were over 3,000 United States Federal flags sold in Atlanta on the day of election. Every house has a Federal flag flying. Not a Confederate flag has been seen in Atlanta during or since the campaign. PATRICK WALSH.

Eureka Majorities.

As far as the Leader has been able to secure the returns it finds that the following majorities were given the several candidates last Tuesday in Eureka county: Blaine, 275; Cassidy, 244; Thoma, 318; Hawley 82; Republican Assemblymen, about 200 each; Stinson, 74; Wallace, 270; Andre, 150; Beard, 415; Hoadley, 541; Cheney, 257; Douthett, 172; McElroy, 20; Cromer, 325.

A Large Meeting.

The long talked of Cattlemen's Convention will assemble at St. Louis next Monday. There are nearly 900 delegates in attendance, and it is estimated that 10,000 cattle men from the north-west and northeast and Europe will be present. It will be the first time the stockmen of the entire country met in convention.

The New York Mail and Express says: The official count of the ballot in every county in the State is now in progress. The work will be very thorough. Neither party yields an inch. Every figure will be closely scrutinized in all the counties of the State. A week is usually consumed at this work. In this city and King's county less time is required. Four years ago the official canvass of the State was not completed until November 20.

Official returns from all counties in Pennsylvania, except Sullivan, which is estimated at 350 plurality for Cleveland, gives Blaine a plurality of 80,553. The Republicans will have a majority of twelve in the Senate and eighty in the House, a majority on joint ballot of ninety-three; the next Congressional delegations, twenty Republicans and eight Democrats, a Republican gain of four.

Prior to the election the JOURNAL predicted that Blaine would carry every county in Nevada except the Missourian Humboldt and Mormon Lincoln. He did.

A. B. Williams will leave this morning for White Plains to take charge of Lindley & Co's quartz mill.

Jerry Tyler and Jim Doyle went through to Virginia yesterday with a cargo of Honey Lake apples.

The Reno market is well supplied with apples, and the price paid per box brings them within the reach of all.

It has been remarked that the roosters about town have been doing an unusual amount of crowing since the election.

Surveyor General Preble was over from Carson yesterday. He says everything is quiet but lovely at the Capital.

John Fredricks has sold out his saloon on Virginia street, and left Wednesday evening for The Dalles, Oregon.

The case of Foulks against the Steamboat Ditch Co., now on trial in the District Court, is liable to last four or five days.

James McDermit, of Milford, came in yesterday accompanied by his daughter who will be placed in school at Mt. St. Mary's Academy.

Nevada nurserymen are justly complaining because men engaged in the business in California and who pay no taxes in this State are permitted to make periodical trips through the State and undersell them, without even paying a license for the business.

Parties claiming title to unpatented mining ground should bear in mind that the annual assessment work must be done before January 1st. There are a number of claims of this kind in Pyramid that may be worth saving.

Emrich, at his new store next door to Sunderland's, is ready to receive and accommodate his customers. It is an established fact that he cannot be surpassed by any merchant in great bargains in general dress goods, cloaks, and gent's furnishing goods. His stock is entirely complete. Give him a call.

A Counter Statement.

EDITOR GAZETTE:—Having seen the card of G. E. Holesworth in this morning's JOURNAL relative to the conversation had with him at the time I went to him to learn what the Reno Band would charge to play for us on last Monday night, I desire to say in reply, that the amount asked by Mr. H. was \$150, and as a reason, that the Democrats of Reno had not patronized the band much during the campaign. I offered Mr. Holesworth \$35, that being the amount I was authorized by the balance of the committee to offer. Believing the amount asked was the least the band could be had for, we sent to Virginia City for our music paying therefore \$120.

L. J. FLINT.

A Suit for Damage.

Louis Dean has commenced an action in the District Court against G. W. Grayson to recover \$5,000 damage alleged to have been sustained by reason of the nonfulfillment of a contract. From the complaint it is learned that about two weeks ago Grayson sold a band of cattle to Dean to be delivered in Reno by the cars. The cattle were to be weighed immediately upon their arrival and delivered, the price agreed upon being 7 cents. Dean gave Grayson \$200 to bind the contract and immediately made provisions to feed the cattle upon their arrival. The stock arrived last Saturday but Grayson refused to deliver them as per agreement; hence the suit.

Bargains in Fall and Winter Clothing.

Those who are possessed of coin with which to make their purchases will do well to call at the store of Abrahams Bros., who are now selling all goods in their line of trade at prices that astonish the oldest man in the town. Now is the time to fortify with warm underclothing and overcoats if our people would save doctors' bills, and the White House is selling such goods at prices which bring even the best articles within the reach of all. Times may be dull, but they put down prices and thus make business. They have a regular rush all the time.

Temperance in Sunday School.

A circular letter issued by Rev. G. W. James, at Winnemucca, G. W. C. T. of Nevada, says the International Sunday School lessons for the last quarter of 1884, gives temperance a prominent place; the lessons for December 7th, being on drunkenness. Mr. James asks that that day be made a day in all religious congregations, for pressing the claims of temperance and that week be devoted to the temperance cause.

Taxes.

Taxpayers should bear in mind that State and county taxes are now due and payable to the County Treasurer, who is ex-officio tax-collector. Taxes will become delinquent at the close of business hours on the 17th instant, next Monday evening, after which ten per cent will be added to the original tax.

THE GRISMER.

Their Portrayal of Monte Cristo.

Probably there is no work of fiction by any other author more difficult to dramatize than Monte Cristo, Dumas' greatest work of fiction. It so abounds in incidents, is so complicated in interwoven details, that he who undertook to condense and adapt it to the stage was a heroic soul. But he succeeded in furnishing room for the display of dramatic talent and dress, and last night the Grismer-Davies combination succeeded well in entertaining a well filled house. The play increases in interest from the beginning to the end until, in the closing scenes, the audience becomes wrapt with the vivid portrayals of scene and the climax of the story. Mr. Jos. R. Grismer, whether as Edmund Dantes, Abbe Busoni, or Count of Monte Cristo, exhibits histrionic talent of the highest order. He is evidently a careful student, faithful in endeavor, and one who improves in every presentation. He is an actor of great promise, whose ambition will enlarge not only his ability but his repertoire, and will "make his mark."

Miss Davies, as Albert de Morceuf, son of Mercedes, is very attractive, and does her part well. She makes as "nice a young man," as one can find anywhere.

Stockwell, as Cadarousse, the innkeeper, has decided talent of the Rip Van Winkle order. Miss Mabel Bert and Miss Sarah Stevens deserve mention for their portrayal of their respective characters. It is not necessary to give the plot, but when we say that the entertainments we have had from this company have given great satisfaction here, and that it leaves with the kindest of feelings and respect of this community, it is only the simple truth. It should be stated that the scenery provided by the managers is very superior, and we can't refrain from adding that there are no truer gentlemen in the profession, than the managers, Louis A. Morgenstern and J. R. Grismer. They carry with them the respect and confidence of every one who becomes acquainted with them, and of every city and town whom they amuse and instruct by their entertainments.—San Bernardino Index.

The Grismer-Davies Company will give Monte Cristo at the Nevada Theater, on Monday, November 17th. Tickets now on sale at Jamison's.

Bids for Stationery Wanted.

Our booksellers and stationers will see by a notice in another column that proposals for furnishing stationery for the use of the State officers are invited.

The Eureka Leader has been enlarged to a five column paper. It says of the change:

The Leader comes to its readers today slightly reduced in size. This move is taken by the owners of the paper on account of the present dull times in our camp. When times warranted a larger paper we published it, but now that so many of our merchants feel that they cannot afford to advertise to the extent that they formerly did, we have also to reduce our expenses, and that cannot be done in any surer way than by reducing the size of the paper. The Leader will continue to furnish the freshest telegraphic and local news and can be relied upon to look out for the best interests of the Eureka Mining District.

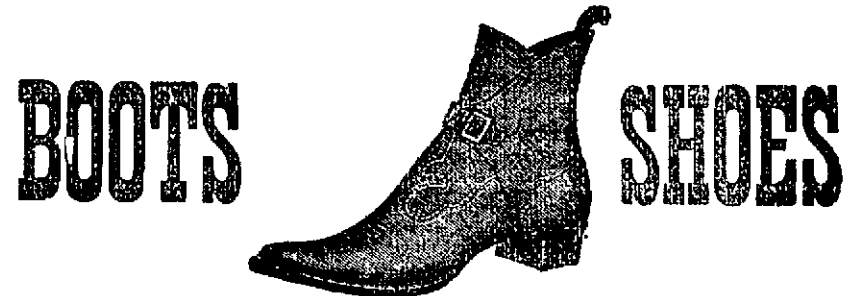

Congressman Cassidy was a passenger for the Bay last night.
